

# FOREIGN COMPANIES : MY PROCEDURES IN FRANCE

## WHO SHOULD I CONTACT ?

I am a **foreign company without an establishment in France**, or a **private employer non resident in France** for tax purposes.

I employ one or several employees on French territory.

My employees are compulsorily affiliated to the French social security system.

→ I have to pay contributions to finance their social protection like :

- reimbursement of health costs
- family benefit
- pensions
- ...

The **Urssaf foreign companies service** is my unique entry point for :

- register all administrative procedures...(company registration, declaration of employment and activity termination...);
- assist me with my declarations and payments of welfare contributions.

**Urssaf foreign companies** service is managed by Urssaf Alsace and is based in Schiltigheim (Bas-Rhin) for the entire French territory.
